

If a member leaves

People sometimes leave a group, we always want to learn why.

I just got a response from that question. "I thought it was spam" and the other day someone answered "It was a mistake, please add me back in"

And that person became an admin after seeing how important our mission is.

If you don't ask they can't answer and we don't learn.

Remember not to use WhatsApp invitation because they come in confused and if no one answers their question in 10 seconds they leave, use our invitation and edit as you like and if they read it they will see how Fantastic the Be Fantastic Philosophy is. It changes lives.

Dr. Fantastic
